BOARD OF DIRECTORS APPLICATION FORM

The Gary Bathing Beach Aquatorium Society is a not for profit 501(c)(3) corporation which was formed in 1991 for the purpose of restoring the old bathhouse in Marquette Park in Gary, Indiana. Since our founding, we have raised and spent in excess of 4 million dollars toward achieving these goals. Today the old bathhouse (now known as the Aquatorium) is open, alive and useful. When we began, it was boarded up and dead.

We have a 21 person board that is nominated each year by the current board and elected at our annual event (8/20/16). If you would like to be a board member, please fill out this application; remember, this is a volunteer position, much is expected, nothing is given.
